Kindergarten

Welcome to Week 10! We made it. Kindergarten have certainly had a busy term and have made outstanding progress, especially in Reading and Writing activities. I am so proud of their achievements. This week we will look at "ch" as in cheese and its close friend "sh" as in ship.

Kindergarten will have a Homework Rewards Afternoon this week for completing and handing in their homework each week this term.

We have been using our new Chromebooks; learning to log in, navigate the touch pad mouse and log on to Reading Eggs. Thank you Mr Newberry for organising the delivery of our Chromebooks.

Remember we have a Mufti Day this Friday for our last day of term. There will be no Primary Assembly this week. Kindergarten will host the assembly first week back at school next term.

Have a great last week of term and enjoy your break.

V Parnaby

Year 1/2

Year 1/2 are lucky enough to have Mrs Bush this week.

Spelling is the sound "p" for pig, "pp" for slipper, "r" for robot and "rr" for carrot.

In Maths the unit area will be completed with an assessment task. The Science unit on using different materials will also be completed with an assessment task. For Geography the children will be able to present their poster on the rainforest to the class. We wish everybody a safe and healthy holiday. We hope everybody comes back refreshed and free from coughs and germs.

It is a perfect time to refresh your child's pencil case with coloured pencils, an eraser, glue stick, lead pencils and a ruler. Please make sure all items are labelled correctly.

J Elith

Year 3/4

In the classroom this week we have been learning about number lines and multiplication strategies in Maths. In Writing we are finishing off our Information Reports using Google Slides. It sounds like Year 3/4 have certainly enjoyed using the Chromebooks to publish their texts. Our Science topic 'Wrap it up' has led us to discuss various materials and their properties. I have had a wonderful term with Year 3/4 and we have enjoyed learning together. I hope everyone has a fun, happy and safe holiday. See you in Term 3!

Behaviour code for students

NSW public schools

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

In NSW public schools students are expected to:

- Respect other students, their teachers and school staff and community members
- Follow school and class rules and follow the directions of their teachers
- Strive for the highest standards in learning
- Respect all members of the school community and show courtesy to all students, teachers and community members
- Resolve conflict respectfully, calmly and fairly
- Comply with the school's uniform policy or dress code
- Attend school every day (unless legally excused)
- Respect all property
- Not be violent or bring weapons, illegal drugs, alcohol or tobacco into our schools
- Not bully, harass, intimidate or discriminate against anyone in our schools

Schools take strong action in response to behaviour that is detrimental to self or others or to the achievement of high quality teaching and learning.

Behaviour Code for Students: Actions

Promoting the learning, wellbeing and safety of all students in NSW Public Schools is a high priority for the Department of Education.

We implement teaching and learning approaches to support the development of skills needed by students to meet our high standards for respectful, safe and engaged behaviour.

Respect

- Treat one another with dignity
- Speak and behave courteously
- Cooperate with others
- Develop positive and respectful relationships and think about the effect on relationships before acting
- Value the interests, ability and culture of others
- Dress appropriately by complying with the school uniform or dress code
- Take care with property

Safety

- Model and follow departmental, school and/or class codes of behaviour and conduct
- Negotiate and resolve conflict with empathy
- Take personal responsibility for behaviour and actions
- Care for self and others
- Avoid dangerous behaviour and encourage others to avoid dangerous behaviour

Engagement

- Attend school every day (unless legally excused)
- Arrive at school and class on time
- Be prepared for every lesson
- Actively participate in learning
- Aspire and strive to achieve the highest standards of learning

The principal and school staff, using their professional judgment, are best placed to maintain discipline and provide safe, supportive and responsive learning environments. The department provides a policy framework and resources such as Legal Issues Bulletins, access to specialist advice, and professional learning to guide principals and their staff in exercising their professional judgment. In this context the NSW Government and the Department of Education will back the authority and judgment of principals and school staff at the local level.
